
Freedom of Information and Environmental Information Regulations policy for Audit Scotland, Auditor General, Accounts Commission

Author:	Corporate Governance Manager
Version:	06
Date:	September 2015 next review September 2016

Introduction

1. The Freedom of Information (Scotland) Act 2002 (FOISA) and the Environmental Information (Scotland) Regulations 2004 (EIRs) places a duty on us to prepare and implement systems and processes to comply with the legislation. Under these Acts a person who requests information from a Scottish public authority which holds it is entitled to be given it by the authority.

Our approach

2. Reporting in public is a principle of the public audit model. It contributes to openness and transparency in the conduct of public bodies in Scotland. Our audit work is carried out in the public interest and we believe that it is enhanced by the principles of the Freedom of Information legislation. We embrace the legislation and are committed to its successful implementation.
3. There are some special considerations which relate to the audit process and these are recognised in the legislation. We will make use of relevant exemptions only where we consider that this is necessary in the public interest.
4. We have one Publication Scheme covering the Auditor General, the Accounts Commission and Audit Scotland and we will follow a consistent approach to information handling and requests.
5. A professional relationship with the bodies we audit and other stakeholders is very important. If a request is made to us for disclosure of information obtained as part of our audit work at a public body we will, where reasonably practical, consult the body before complying with the request. We will also continue to liaise with other audit and scrutiny bodies in developing best practice in this area.

Scope

6. This policy applies to the Auditor General, the Accounts Commission and Audit Scotland.

Roles and responsibilities

7. Audit Scotland provides support to the Auditor General and the Accounts Commission and therefore we have established clear information management roles and responsibilities. The Auditor General is Audit Scotland's Accountable Officer and to support her duties under this legislation we have established the Knowledge, Information & Technology Governance Group (KITGG).
8. It is the KITGG's remit to ensure that information risks are assessed and mitigated to an acceptable level by having in place robust policies, procedures and processes.
9. The KITGG have established an Information Requests Panel to meet and decide on using exemptions in complex FOI requests and exceptions in EIR requests.

Information we hold

10. We are committed to openness and transparency in our work. We are committed to supplying information to a request unless there is a valid reason for withholding it under the legislation.
11. When a request is received for information you must not alter, deface, block, erase, destroy or conceal applicable information with intent to prevent disclosure. To do so is an offence under the Act and will result in action under Audit Scotland's disciplinary policy and could incur a risk of personal prosecution.

Training and awareness

12. We are committed to full staff awareness and training in Freedom of Information, Environmental Information Regulations and Data Protection legislation and its implications for our work. We are committed to maintaining effective systems for handling Freedom of Information and Environmental Information to meet our obligations under this legislation.
13. Guidance on the application of FOISA and the EIRs are available on [ishare](#).

Charges

14. Audit Scotland may invoke a charge for providing information, which is not contained in our publication scheme, in accordance with the costing threshold within FOISA and the EIRs.
15. When a request is estimated to exceed £600 to fulfil, we will, whenever possible, attempt to narrow its scope and provide what we can within the threshold rather than refusing it outright.

Supplementary documentation

16. The following documents should be used to support and supplement this policy:
 - Freedom of Information (Scotland) Act 2002
 - Freedom of Information (Scotland) Act 2002 section 60 and 61 codes of practice.
 - Environmental Information (Scotland) Regulations 2004
